# *Beaded Brooch*

presented by

## Rare Threads -- Eclectic Meanderings

Erika Faust encourages students to choose colors, express their own ideas and make their project personally theirs. Classes are just a stepping stone to introduce beadwork into the realm of your creative consciousness—but watch out, beads are contagious!

In this workshop, students will design an aquatic or garden theme and work it in beads, learning and perfecting applique and embellishment. Layout, design and edging techniques are explored. The resulting piece may be used as a brooch, or however the student desires.

Erika holds a BS in art education from Central Michigan University and a BFA in fiber arts. She teaches art at Pellston Elementary and Middle Schools and lives in Levering.
